

REMARKS

Claims 1-3 are cancelled. Claim 4 is amended to call for frequency-selective autocorrelation and Claim 7 is amended to be dependent on claim 4.

The examiner has indicated allowance of Claims 5 and 6. Claim 4, as amended, calls for frequency-selective autocorrelation. Neither Anderson nor Nakamura teach "frequency-selective autocorrelation." Claims 7-9 dependent on claim 4 is deemed allowable for at least the same reasons as claim 4.

In view of the above applicant's Claims 4-9 are deemed in condition for allowance and an early notice of allowance of these claims is deemed in order and is respectfully requested.

Respectfully submitted,

Robert L. Troike
